EXPERIENCE

Frontend Developer

Moverii Inc. Bonn, Germany

2022 - Present - Remote

- Developed and maintained user-friendly interfaces using React, Next.js, Tailwind CSS and Ant Design contributing to a 20% faster load time.

- Led the development of a customer-facing web application, improving user engagement by 319.63% over a two-year period.

- Implemented React-based components, enhancing application performance and maintainability.

- Collaborated with UX/UI designers to create a seamless user experience and collaborated with backend developers to integrate APIs and improve the platform functionality, resulting in increased user satisfaction and 106.11% in visit duration growth.

- Implemented responsive design and cross-browser compatibility, ensuring consistent performance across different devices and platforms.

- Worked on 3 different projects including [user website](#), [provider panel](#) and an Admin panel for management of two main websites.

- Integrated and worked with third-party services and APIs including Google Map, Google Authentication, TripAdvisor rating system, Mail Chimp, Stripe payment API, PayPal, and other international payment services, and more to ensure maximum functionality and improved UX.

PROJECTS

Personal Portfolio

A sleek and responsive portfolio website built with React, Next.js and Tailwind CSS, showcasing my projects, skills, and professional journey, with more information about me. [Visit](#)
